

# Environment Sustainability Policy

Jones Corporate is a facilities management company specialising in offering clients the personal service of a small company with the assurance of nationwide coverage.

Jones Corporate is committed to being environmentally aware and strives to apply green thinking to every action and process to benefit our clients, community and employees. We are committed to actively supporting programs which reduce our company's environmental impact and to continually improve our environmental performance as an integral part of our business strategy and operating procedures.

We are dedicated to taking the following the actions to achieve our green goals:

- Measurably reducing our company's carbon footprint
- Sourcing materials from sustainable sources and processes
- Minimising the waste produced by our operating procedures
- Recycling of all possible resource streams

We will encourage and work with our customers, suppliers and other stakeholders to enable them to do the same.

We recognise that we have a responsibility to the environment; to meet and strive to exceed legislative and regulatory requirements.

Training our employees in the knowledge and skills necessary to carry out their job in a safe and environmentally responsible way, will ensure that this policy and all procedures relating to it are understood, implemented and maintained.
